### 4. Steps on Arrival

**IMPORTANT: Please read the following instructions carefully and make sure to complete the indicated steps in the precise order in which they are listed below to avoid unnecessary delays or complications!**

#### Getting here

How do I get to the university? Where can I catch the tram? Where can I park? And where can I find the Admissions Office or the International Office? Directions and maps of our campuses make getting around a lot easier. Find them on this website: <https://www.uni-kassel.de/uni/en/international-service/coming-to-kassel/welcome-centre/first-steps/>

## STEP 1: RESIDENCE REGISTRATION

As legally required, you must go to the Residence Registration Office (*Bürgeramt*) in the Town Hall (*Rathaus*) and let them know your address in Kassel. This must be done within one month after your arrival in Kassel. You will need to fulfil the “3G rules” to be able to make an appoint-

ment at the registration office, meaning you are either fully vaccinated, have proof of recovery from COVID-19, or can present an official document that you have been tested on that day. Please make sure to check the current situation on their [website](#).

To make an appointment please visit [this site](#) and choose “Wohnung anmelden” and then “Anmeldung ohne Fahrzeug.” Make sure to be punctual to your appointment as you will only be seen in your time slot.

At the office you fill in the form with the help of a person who works there. You will be given a copy of this form. You will need this form to get your residency permit, to open a bank account, to get a library card, etc. If you move to another apartment in Kassel during your studies, you need to tell the Residence Registration Office your new address.

In order to pay bills or your rent, you will need an account with one of the German banks. After you have opened your bank account (also called *Girokonto*) you will receive a bank card. You will be able to use this card as a method of payment in the majority of shops or alternatively use it to draw money from ATMs. Most importantly, your German health insurance fees will be charged from that account, so make sure to open one **before** you apply for German health insurance.

## STEP 3: APPLYING FOR HEALTH INSURANCE

As a student at a German University, you have to provide proof of a valid health insurance. There are two ways to do this:

- Insurance via **MAWISTA**: You can take out a health insurance before your arrival in Germany. Go to <https://www.mawista.com/> for an overview of insurance packages and prices.
- Insurance via German health care provider (AOK, Techniker, DAK etc.)

**PLEASE NOTE:** Even if you have already taken out insurance with MAWISTA, you need to contact the German health care provider upon your arrival in Kassel and present them with your MAWISTA contract documents. They will then issue a document called "*Befreiung von der Versicherungspflicht*" which proves that you are already in possession of valid, appropriate health insurance.

If you take out insurance with a German provider, you will receive an insurance card. Please don't forget to take it with you in case you need to see a doctor in Kassel.

#### STEP 4: RESIDENCE PERMIT

The Foreigners' Registration Office is where you will need to apply for a residence permit.

[The Foreigners' Registration Office](#) also offers on-campus office hours on a regular basis. Please make sure to arrange an appointment beforehand by phone(+49 561 804-2205) or e-mail ([studieren@uni-kassel.de](mailto:studieren@uni-kassel.de)).

## 5. Tuition Fees

REMENA tuition fees amount to € 10,000 for the entire program and students will receive invoices over € 2,500 before each new semester of their studies.

### Batch 23

**Students who will not pay their tuition fees in due time will be exmatriculated during the running semester.**

In addition, REMENA students have to pay the University of Kassel Semester fee of about 296 € per semester. Payment of this fee is necessary to ensure your enrolment at the University of Kassel and to officially maintain your student status for Germany. Details can be found on the following [website](#).

## 6. Activating your University of Kassel Account

Once you have received your student ID number “Immatrikulationsnummer” and have completed your enrolment (paid the semester fee + handed in your health insurance if you are in Germany) you can [activate your university account](#). A uk-number (uk000000) will be generated for you, with which you will have access to your student email, the [REMENA moodle course](#) and the eCampus.

The [eCampus](#) serves as a platform to register for exams, view your grades and download enrolment certificates.

**Please note:** you will have to change the password to your University of Kassel account every 180 days. You will be receiving emails when it is time to change the password, failing to do so will lock you out of your account. However, in the [ITS Manager](#) you can also opt-in to changing your password regulations, so that you will not have to change your password for the duration of your studies.

## 7. CampusCard

If you are in Germany and have activated your UKAS account you can [apply for your CampusCard](#). Please enter your uk000000 number and password to apply. The card will be sent to the address given in the eCampus, so please make sure it is up to date before applying.

The card functions as your student ID, public transportation ticket, library card, lets you use the copying machines on campus and is a payment option in the campus cafeteria.

## 8. Registering for Exams

It is mandatory for all students to register for exams within the given time frame. Not registering could lead to you not being

allowed to take the exam.

Please view the following [step-by-step guide on how to register for exams](#) in our REMENA FAQs

## 9. Partial Semester Fee Refund

Should students not be in Kassel during the duration of the semester there is the option of applying for a refund on behalf of the students. For AStA to refund the ticket, students cannot be living in the Kassel area. However, AStA will only make transfers to German bank accounts.

Please notify the REMENA Team by April 15<sup>th</sup> at the very latest, then we will apply for the refund. The refund will amount to 149,75€ of the 296,34€ semester fees.

Any students already in possession of their CampusCard, who are leaving Germany for summer term 2022 are kindly asked to leave their cards with us, as this simplifies the procedure.
