(<http://www.uni-kassel.de/fb07/institute/iwr/personen-fachgebiete/rott-prof-dr/home.html>)

Belongs to Module:

Internationale Aspekte des Rechts

Teaching format:

Lectures

Requirements:

Erfolgreiche Teilnahme am Modul „Grundlagen des Rechts und Einführung in das öffentliche Recht“

Contents:

Introduction to the law of England and the US, with a clear focus on England. The course will discuss the fundamental differences between the common law systems of England and the US and the German civil law system but also convergences between common law and civil law, mainly through EU law and through legal comparison. It will introduce students to specific areas, in particular English contract and tort law.

Qualifikationsziele:

- Understanding of the fundamental differences between common and civil law systems
- Understanding of the constitutional setting of English law
- Understanding of differences and similarities between English and German contract, tort and property law
- Knowledge of classical cases of English contract, tort and property law

Unterrichtssprache:

English

Exam:

- Written exam **in English**

Reading:

Will be provided in moodle

Dates:

Monday, 14 – 16 h, AB12 – lecture hall IV
