About the university

A public institution founded in 1971, UBO is a medium-sized university (around 20,000 students) offering a wide range of programmes in all fields. It is a member of the [Université Bretagne Loire \(UBL\)](#), a regional coordination structure for higher education.

Recommended language skills

Courses are mainly taught in French. UBO recommends exchange students to have at least a B1 level in French. Very few courses are taught in English, although the course transcript may be in English. Exchange students can enroll for free in French courses at [Pôle Langues](#).

Housing

-Students enrolled in an international exchange program can apply for a room in a student residence hall. All the information about the application is sent by the UBO international office once the student is nominated. There are three residence halls in Brest, all located at walkable distance from the university.

-Private housing is plentiful and affordable compared to other French cities.

-Information and assistance can be provided by the following contacts and information sources:
