

# SFB-Workshop Marburg 2019 (June 24th-25th, 2019)

## Contact:

Tillmann Kalas 0561 804 4575 (with redistribution to my cell phone)  
Mira Diekmann 06421 2825551 (three person office)

## Registration

Online registration form: [LINK](#)

## Finances

Costs for the hotel ([Welcome Hotel, Marburg](#)), travel as well as the meals will be covered centrally by the SFB. Travel within Marburg must be paid individually (if necessary) and will get reimbursed later by means of the normal travel expense accounting through the SFB.

## Travel

There will be **NO bus transfer** to Marburg this time.

The Kassel staff (students and employees) can go by train using their "Semester-Ticket" or "Landesticket" without any costs. The staff from Frankfurt and Hamburg have to travel individually nevertheless.

Furthermore you can choose to

- arrive at or before 2 pm for the opening session (*meet and greet* in front of the seminar room E273, 2nd floor)
- arrive around 1 pm for having lunch in the mensa (they will accept cash if you ask nicely)

---

## Travel by car:

Parking is available in the multi-storey car park next to the Chemistry building. Unfortunately most navigation systems do not find the Chemistry building yet, therefore the directions below:

When **traveling via Gießen (south)** take Bundesstraße 3 to Marburg and leave at exit Marburg Süd, follow the signs directing you to Uni.-Lahnberge, pass by Karl-von-Frisch-Straße / Botanischer Garten and turn right at "Anlieferung Chemie".

When **traveling via Kassel (north)** take Bundesstraße 3 to Marburg and leave at exit Marburg Nord, follow the signs directing you to Uni.-Lahnberge, pass the roundabout and the Exit Conradinstraße, make a U-turn at the next possibility and turn right at "Anlieferung Chemie".

Ring the bell at gate of the carpark.

- If you plan to go to the Mensa on Monday: **Please bring enough small change with you**, as it is to be expected that the cashiers cannot deal with big paper money.
- For the Hand-On-Session at the Workshop you will need access to the SSH-communication protocol. For windows you will get it via
  - [https://hessenbox.uni-kassel.de/getlink/fi7AZCP74Zuy8gEc4aysMyps/Putty\\_Exe\\_Files.zip](https://hessenbox.uni-kassel.de/getlink/fi7AZCP74Zuy8gEc4aysMyps/Putty_Exe_Files.zip) downloaded today
  - or <https://putty.org/> directly

General Member Assembly (PI-level) (E173, 1st floor)
- 15:30 Workshop (Seminar room E273, 2nd floor):**  
"Computation of Molecular Chirality Signatures in the Electron Cloud"  
Hands-on Session and visit to the Server Room  
Bring-your-own-device
- 18:30 Check-In at Welcome Hotel**
- 19:00 Dinner at Welcome Hotel**

Tuesday, 25th June 2019

- 10:00 SFB-Seminar (Seminar room E173, 1st floor):**  
**Prof. Dr. Ulrich Kuhl, Université de Nice – Sophia Antipolis**  
Title: Experimental microwave emulation of molecular spectra and transport through molecules based on the Hückel model"
- 11:00 Poster Session (Seminar room E273, 2nd floor)**
- 12:45 Concluding Remarks (Seminar room E273, 2nd floor)**
- 13:00 Lunch in the Mensa (payed by the SFB via voucher)**
- 14:00 Individual Departure**

## Luggage

You can store your luggage in room D220 (2nd floor).

## Special Sessions

### Poster Session

A poster session will take place on Tuesday after the lecture. Each project should present a poster (A0, portrait).

This time window should be used to communicate with your SFB colleagues and to further expand and consolidate your network within the SFB.

### Hands-On Session

For the Hands on session you need a notebook with a charged battery, an eduroam-account and “ssh” installed on it.

If you cannot bring a laptop please contact us, as we can provide a limited number of laptops.
