

On the occasion of the 20th anniversary of CINSaT

3-day Workshop on:

Interdisciplinary Nanostructure Science and Technology

Wednesday, 01.06.2022 - Friday, 03.06.2022

Tagungszentrum Kulturbahnhof, Kassel, Germany

Scientific Talks on the topics of CINSaT research foci:

3D Nanostructures

Multiscale Bioimaging

Photonics

Chiral Systems

Quantum Technology

Nanomaterials

Social Program:

Visit to the World Heritage Site *Bergpark Wilhelmshöhe*

Banquet with musical accompaniment (Jazzband)

Poster session on current research in CINSaT with beer & snacks
