

What to do in an emergency

Always keep calm and collected

Go to a safe place

Observe alarm signals.
Leave the danger zones.
Help disabled persons or persons at risk.

Use the marked escape and emergency routes.
Go to the assembly site after the building has been cleared.

Never use elevators in an emergency (e.g. in case of fire, gas leak, explosions, bomb warning).

Take special risks into account and inform others.
Keep accesses and entrances free and observe instructions.

Administer first aid

Sites of first aid equipment, stretchers, first aid boxes

Room: _____

Try to extinguish the fire

Use the respective existing fire-fighting equipment, such as fire extinguishers, wall hydrants and fire blankets.
