

Marie Skłodowska-Curie Actions Postdoctoral Fellowships 2024

Apply for MSCA PF with the University of Kassel

The University of Kassel is looking for excellent researchers to apply for Horizon Europe's Marie Skłodowska-Curie Actions Postdoctoral Fellowships (MSCA PF) with the University of Kassel as host institution.

Applications should preferably tie in with the University's two Core Research Areas, i.e. [Multifunctional Matter and Multiscale Systems](#) and [Sustainable Transformations](#).

MSCA Master class on 15-19 April 2024 at the University of Kassel

For the coming call [MSCA PF 2024](#) with a deadline on 11 September 2024, the University of Kassel has prepared a special support programme for international postdoctoral fellows who would like to apply with us as host institution.

A one-week MSCA Master class on 15-19 April 2024 will offer a great chance for the invited candidates to get to know the University of Kassel, its faculties and institutes, future supervisors, and to participate in a **two-day proposal-writing workshop** led by an experienced trainer from the consulting company Yellow Research.

The University of Kassel will cover the costs of participation in the proposal-writing workshop, hotel expenses, and contribute to travel expenses of up to 15 candidates.

Want to know more?

- All relevant information about the application for a place in the Master class, as well as the MSCA PF and the eligibility criteria can be found on the [MSCA Landing page of the University of Kassel](#).
- **New deadline for submitting applications for the Master class: 31 January 2024.**
- Applicants will be informed about the decision in **mid-February 2024**.
- If applicable, we strongly advise you to get in contact with the German embassy or consulate in your home country in order to find out about terms of applying for a visa before entering Germany in April 2024.

MSCA PF in a nutshell

- The researchers must hold a **PhD** and have a **maximum of eight years' experience** in research, from the date of the award of their PhD degree.
- European Postdoctoral Fellowships are open to researchers of **any nationality** moving **within Europe or coming to Europe** from another part of the world to pursue their research career.
- Researchers should comply with **mobility rules**: they must not have resided or carried out their main activity (work, studies, etc.) in the country of the host institution for more than 12 months in the 36 months immediately before the call deadline.
- MSCA European Postdoctoral Fellowships can last between **1 and 2 years**.
- Applications in **all disciplines** are made **jointly** by the researcher and a host in the academic or non-academic sector.
- The fellowships may also include **short-term secondments** and a **placement of up to 6 months** in a non-academic organisation.
