## Declarations

I hereby certify that I have prepared this dissertation independently, without the help of third parties and that I have not used any aids other than those stated in the dissertation. All passages taken verbatim or in spirit from published or unpublished writings have been marked as such. Third parties were not involved in the preparation of the content of the dissertation; in particular, I did not use the help of a commercial doctoral advisor. No part of this thesis has been used in any other doctoral or habilitation procedure by me.

I am familiar with the rules of good scientific practice as laid down by the University of Kassel in the current published statutes ([www.uni-kassel.de/go/gap](http://www.uni-kassel.de/go/gap)). This also includes handling and storing research data in a manner that meets the respective requirements ([www.uni-kassel.de/go/fd-guideline](http://www.uni-kassel.de/go/fd-guideline)).

The parties involved assure to observe and comply with the foreign trade prohibitions and authorisation requirements applicable to Germany. This applies in particular to the exchange of goods, knowledge and skills (export outside the EU and transfer within the EU). The doctoral project does not lead to the direct or indirect transfer of funds or assets of any kind (economic resources) to natural and legal persons on the EU sanctions lists. Details were taken from ([www.uni-kassel.de/go/export\\_control](http://www.uni-kassel.de/go/export_control)).

I am aware that information, events and infrastructures exist and can be used for this purpose ([www.uni-kassel.de/go/fdm](http://www.uni-kassel.de/go/fdm)).

I hereby confirm that all information and attached documents are correct and complete.
